## THE NATURAL MARINA

YACHT BERTHING, HARDSTANDING SERVICES AND MORE

### Annual Berthing Licence amendments for larger vessels

«Boat\_name»

Your vessel (named above) has been deemed to be a "larger vessel" by Tollesbury Saltings Limited, and now comes under the following provisions, some of which are changes to our standard annual mooring licence:

- TSL has the sole right to determine whether or not a boat falls under the "larger vessel" rules.
- Appropriate and adequate mooring gear must be provided by the Customer in consultation with the Company. The gear must be maintained by and at the cost to the Customer and including any post, anchor or attachment point already in use.
- The Company will take no responsibility for or the outcome of poorly maintained or inadequate mooring gear.
- It is the Customer's responsibility to provide a gangway from the access staging to the vessel. The access staging is not suitable for mooring against or leaning on. Any damage and subsequent repair will be the responsibility of and charged to the Customer.
- No berth, mooring or hard standing has any residential status, no right of tenure and vessels may be moved at any time as deemed necessary by the Company.
- No particular provision is provided for water or electricity other than that occasionally provided by the Company.
- Water supply:
  - Some stand pipes require lockshield keys, available from the Yard Manager for a £5 deposit.
  - Hoses and fittings are not provided.
  - Hoses must not be left connected to the stand pipe.
  - Hoses should be thoroughly flushed through before filling tanks.
  - Hoses are used at the Customer's own risk.
  - The Company does not assure water service in adverse conditions.
- Hard standing or slipping may not be available for large vessels.
- I confirm that my insurance policy covers wreck recovery.

Agreement to these conditions is a condition of mooring at TSL.
